

I have been listening to K-LOVE for over 5 years now and it truly has been a blessing in my life. As a Christian, there is very little to choose from in the way of music and entertainment in general. Everything this station provides is uplifting and positive. Without this station on the air, I would only have secular music stations to listen to on a 24 hour basis. In other words, I would have nothing to listen to when I'm out on the road or at home. This station not only serves the surrounding community spiritually through its' music, but through news, local event announcements, round table discussions, and many well-known authors and speakers in the Christian faith. God has used this station to speak to me many, many times, as I know he has to others. It would be a sin if it was forced off the air. I appreciate taking my letter to heart
